BIG SMALL TALK

[THE EXHIBITION]

Small but perfectly formed

For women who struggle to contain all their belongings in a dainty evening bag, take a moment to marvel at the exquisite bejeweled makeup boxes on show at Goldsmiths' Hall in London. These tiny works of art, from the 1920s to the 1970s, consist of Lilliputian compartments for makeup, cigarette lighters and even notepads. See beautifully crafted pieces by designers such as Cartier, Van Cleef & Arpels and Boucheron May 31-July 20; thegoldsmiths.co.uk JS
